

# CERTIFICATE OF APPRECIATION

Proudly presented to :

*Yeju Tuladhar*

In sincere appreciation for your engaging and insightful session titled  
"Explore the World of Data Engineering in US Healthcare"  
held on 2nd April 2025.

Your thoughtful guidance on how US healthcare data systems operate, the tools and technologies involved, and the immense potential for Nepali engineers in this space was both inspiring and informative. Your ability to bridge global opportunities with local talent truly made an impact, and your contribution is deeply valued by all attendees.  
Thank you for generously sharing your time, knowledge, and experience with our community.
